precise and powerful

Hürner BSM 450

Band-sawing machine

This band saw for cutting plastic pipes offers a working range from O.D. 50 - 450mm.

The machine has a steel pipework frame with a diamond-shaped pipe bed. A variably adjustable clamping system allows the manual securing of the pipe in the diamond bed. An angle gauge located on the side where the user stands enables any cutting angle from 0 deg. through 45 deg. An optional support panel can be mounted onto the diamond-shaped bed to enable you to cut tees and crosspieces professionally.

Technical specifications BSM 450

Machine dimensions	H 1800 x W 1400 x D 1200mm
Machine weight	190 kg
Power supply	400 V, 50 Hz (3-phase PE, N)
Machine overall power	1250 W
Operating range	50 mm - 450 mm
Manufacturer's warranty	12 months
Standards, quality	WEEE-Reg.-Nr. DE 74849106, ISO 9001:2008

Part numbers BSM 450

Description	P/N
